TERMS & CONDITIONS

ESTIMATED POTENTIAL INCENTIVE: The incentive is subject to change if final project parameters at time of installation are different than the initial information. Incentive offer expires fifteen months after the preapproval date. Project must be completed within a fifteen-month period to be eligible for an incentive.

PROOF OF PURCHASE: Sales receipt(s) or invoice(s) itemizing the new equipment and indicating the size, type, make, model, purchase date, efficiency and vendor will be required before final incentive is paid.

INCENTIVE OFFER: This energy efficiency incentive program covers efficiency improvements during the program year in which it is purchased and installed. Details of this program, including incentive levels, are subject to change without notice. The electric utility reserves the right to limit incentives. Not available for efficiency improvements that qualify under other EnergyWiseSM incentive programs. All incentives are subject to specific program guidelines and general program guidelines.

ELIGIBLE EQUIPMENT: Equipment must be new, installed, and operational at the customer's premise.

ISSUING INCENTIVES: Efficiency improvements must be purchased and implemented before an energy efficiency incentive is issued. Falsifying any information may lead to cancellation of this and future incentive applications, a claim by the electric utility for the return of any incentive, and/or referral for prosecution. Please allow 45 days for delivery of incentives. Submitting an application with incomplete or missing information may delay processing of the incentive.

APPROVAL & VERIFICATION: All custom incentives require approval by the electric utility and a Nebraska Public Power District consultant before purchase or installation. The electric utility reserves the right to verify sales transactions and projects prior to and after installation. Incentive payments and/or credits require final review and approval of a Nebraska Public Power District consultant.

TAX LIABILITY: Neither the electric utility nor Nebraska Public Power District are responsible for any tax liability imposed on the customer as a result of the energy efficiency incentive.

ENDORSEMENT: Neither the electric utility nor Nebraska Public Power District endorses any particular manufacturers, products, or system designs in promoting this program. Equivalent products must be pre-approved by the electric utility and Nebraska Public Power District.

DISPOSAL: The customer/contractor is responsible for the proper disposal and/or recycling of any waste generated as a result of this project.

SAFETY & BUILDING CODES: The customer/contractor agrees that each measure complies with all federal, state, and local safety, building, and environmental codes. All products must be UL-listed and installed per manufacturer's instructions.

DISCLAIMER OF WARRANTIES: Neither the electric utility nor Nebraska Public Power District warrant the performance of any equipment either expressly or implicitly. Contact the supplier or contractor for details regarding equipment warranties.

ENERGY BENEFITS: The Utility is entitled to 100% of the energy benefits associated with the implemented Energy Conservation Measure, excluding the value of energy cost savings realized by the Customer, but including all rights to all associated energy, capacity, reserves, and emissions. The Customer agrees to provide the Utility with such further documentation as the Utility may request to confirm the Utility's ownership of such benefits.
